

Internet connection and power points

4th Floor

ceiling height 3.5m

Internet connection

Internet line | NURO Access Standard
 Maximum data transmission speed : 1Gbps
 Maximum data download speed : 2Gbps

Note

- ※The maximum communication speeds shown here indicate maximum values based on technical standards and do not necessarily represent speeds in actual use.
- ※Internet speeds during use may slow significantly due to the user environment (such as terminal device specifications) and line congestion.

Power points

-  Floor outlet AC 1 0 0V · 1 5A / For each circuit
-  Wall outlet AC 1 0 0V · 1 5A / For each circuit

Same circuit if the lines are connected.
